RE: Surety & Stipulations  
Little Mountain Mine  
ACT/057/002  
Weber County, Utah

Dear Mr. Reynolds:

Enclosed is the Division's bond estimate for reclamation of the Little Mountain Mine. As we discussed in our phone conversation of April 18th, salvage value is not included in this amount, but can be included separately in the reclamation contract. It is recommended that representatives of Great Salt Lake Minerals meet with Pam Grubaugh-Littig, the Division's bonding specialist, to iron out the details of a contract which can be presented to the Board of Oil, Gas and Mining at their May meeting. Ms. Grubaugh-Littig will be out of the office until May 9th.

Please submit the specific language that you would accept relative to the stipulations to final approval outlined in the Division's March 29, 1983 letter. Any further revisions to the stipulations can also be finalized when your representatives meet with Division representatives in May.

Sincerely,

*Susan C. Linner*
